

Milwaukee County Partnership Memory Cafés

Memory Cafés are places where persons with MCI (Mild Cognitive Impairment), Alzheimer's or a related dementia can go with their care partners to socialize and have fun with other people going through similar things. A Memory Café has no real agenda or stated purpose except to enjoy each other's company. Cafes provide a time where you do not need to focus on the diagnosis and have a great time connecting with each other as a family or create new friends. Each Café Meets monthly on an on going basis.
